

Summer Photography Workshop

At The Williston Northampton School

July 20th- 31st 2020

A Journey in Photography for Teens, Grades 7-12

Through a series of focused activities, students will engage in the fundamentals of photography including the important technical aspects of aperture and shutter speed setting, composing an image, framing, perspective, balance, in color and black & white. Students will explore traditional and non-traditional photographic processes. We will also encourage students to look at and engage more critically with their world in order to capture interesting photographic images, while fostering their creativity and expression. We will be creating our work in state-of-the art facilities on the Williston Northampton School campus and we welcome all levels and interests.

This workshop will focus on working with images in traditional and non-traditional ways including:

- fundamentals of both film and digital cameras
- traditional black & white film processing and print enlarging
- use of computers and Photoshop software
- digital editing, manipulation, and printing
- pinhole and/or Holga photography
- alternative processes
- working with light, both daylight and studio lights

Tuition: \$1150 for the two-week program.

A non-refundable \$50 deposit per student is required. See information below.

Tuition includes:

Lunch will be provided in the Birch Dining Commons at Williston.

Lab supplies: chemicals for processing and darkroom enlargements, b & w film, b & w enlarging papers, Ink jet printer inks, digital printing paper, individual notebooks for organization and storage of negatives and prints.

Students will need to provide their own cameras, one film and one digital. Cameras of the point and shoot variety are acceptable, however SLR cameras would be preferable, especially for the traditional film camera.

Camera rental: \$25 per week for film , \$35 per week for digital

The Photography Workshop is designed as a two (2) week program. Please contact Mr. Hing directly if a student can only make a one-week commitment. Our program is limited in size for a 1:6 teacher student ratio and allowing each student to work on an individual enlarger or computer.

The Workshop instructors include:

Edward Hing, is the photography and film making instructor at The Williston Northampton School and has been teaching there for twenty three years. Edward and his family live on the WNS campus.

Julia Rowinski, WNS lab tech and former Photography and Video instructor at the Snow Farm High School Summer Program, Williamsburg MA; she is a local artist and photographer

Dates: July 20th – 31st, 2020 Monday - Friday 9:00 am – 5:00 pm
